Speer offered an update on INSPIRE. The original budget from the Governor did not include funding for INSPIRE. He and Knapp have been meeting with the Governor's office and the budget committee.

Speer also reported that the plans for the INSPIRE website re-design are going forward. An RFQ for a new search engine / discovery layer is being prepared and should go out soon. The target date for launch is May 1, 2015. A copy of the draft RFQ was shared and members were asked to send comments by 9 February 2015.

Schmidt shared that 125,441,446 searches in INSPIRE were reported. This is a 6% increase over the previous year despite a major drop in the September figures. The vendor reported this as an actual drop in usage, but no explanation was given.

There was no old or new business, Hobbs scheduled the next meeting for Wednesday May 20 at 1 pm at the State Library.

The meeting was adjourned at 1:59 pm.
